SEMINAR

TRAUMA IN THE CONTEXT OF SEXUAL ABUSE

March 24-27, 2021

Online only

Dr. Mari le Wulf

This seminar studies the dynamic of trauma, especially in abused persons. This has a deep impact on how to avoid traumatization, how to treat victims in court, and how to provide pastoral care to them. Victims of traumatizing relationships are more vulnerable to abusing contacts. In the light of Christian redemption, a way to healing and reconciliation can be opened.
